Tornado 202

USB 2.0 DONGLE BLUETOOTH CLASS 1

The Tornado 202 is a mini Bluetooth Class 1 USB 2.0 dongle that allows you to make short-range wireless connections between your computer or notebook and Bluetooth enabled devices e.g. PDA, cellular phone, headset, etc. When using a cellular phone with Bluetooth, you can even share your Internet connection.
With the Tornado 202, you can connect up to 7 active Bluetooth devices and 8 parked slaves.
The Tornado 202 supports Bluetooth Class 1 and has a range of up to 100 meters, but is also backward compatible with Class 2 devices. The Tornado 202 is compatible with broad range of Bluetooth devices. The built-in security ensures protection from unwanted users and allows secured data transfers. Secure features include authentication, pairing and encryption.
The Tornado 202 is a perfect solution for personal networking in the office and to stay in touch with the company network, wherever you are.
Simply plug the Tornado 202 into the USB port and enjoy the freedom and flexibility of Bluetooth wireless technology.
